

Conquer the road

Unlock ultimate cooling efficiency for your engine

Our premium coolant delivers superior protection and performance for all types of vehicles, including hybrids and EVs. Engineered for high efficiency, it ensures optimal heat transfer, prevents rust and corrosion, and maintains stability even in hard water conditions. Fully compliant with BS6 standards, this concentrated formula guarantees extended engine life and reliable cooling under extreme conditions.

-  Extended Engine Life Assurance
-  Superior Corrosion Protection
-  Efficient Heat Dissipation
-  Compatible with All Vehicle Types
-  Eco-Friendly & Hard Water Stable
-  Mix Ratio: 1:5 (Coolant: Water)
-  Bs6 Compliant | Hybrid Ready
